

Family Vacations at UCSB.

A family vacation on a university campus? Yes, when it's the scenic seaside campus of UC Santa Barbara.

UCSB's Family Vacation Center offers a full week of activities including sports, childcare, age-group activities, seminars, fitness programs, crafts, and entertainment for all ages.

A major attraction is the extensive childcare programs for ages 1 month through the teens. The childcare counselors, most of them UCSB students, are selected from hundreds of applicants.

In a corner of campus next to the beach, the Center has exclusive use of facilities that include residential complexes, dining commons, swim-

ming pool, tennis courts, volleyball courts and playing fields.

Each family suite contains two to four bedrooms, private bath and a living room with a refrigerator; some suites have ocean or mountain views. Housekeeping service is included, and so are three meals per day, prepared and served by the professional staff.

Family activities include hikes, carnivals, campfires, softball games, sunset cruises, kayaking, wine tasting tours and other programs. A craft center offers a variety of activities.

There are eight vacation sessions between July 4 and August 29. For a brochure, call 805-893-3123.
